

## **Exclusion and Admittance Policy (In Relation to Illnesses & COVID-19)**

### **Circumstances that there would be an exclusion:-**

If a child appears to be very unwell when greeted outside they will NOT be able to enter the setting.

If a child is noticed to be very unwell after arrival or throughout the morning, parent/carer will be contacted to collect their child immediately.

### **Entering Pre School**

#### **Children and staff should stay at home if: -**

- They are unwell with cold/flu that would impact their wellbeing and ability to participate in general play and activities in Pre School as part of the Pre School routine (going outside etc.) Same applies if a child has received Calpol/Nurofen and are dependent on it
- If your child has a vomiting/diarrhoea bug, they must not attend Pre School until 48 hours after the symptoms have passed

If a parent/carer is unsure whether or not to bring a child into Pre School, they should contact the Pre School by email or telephone **before** arrival and await a response **before** bringing their child to Pre School. This is to ensure we are putting effective measures in place by lowering the risk of transmission and to ensure the safety and welfare of all children and staff.
